

**The program of the VI International Symposium “Controversies in  
Glaucoma: the Main Discoveries in Glaucoma Diagnostics and Treatment and  
the Perspectives”**

13.00 – 13.10

The introduction and greetings from FMBA of Russian Federation (Sanoilov A.S.), RSCRS (*Trubilin V.*) and the Helmholtz-Centre Potsdam – GFZ German Research Centre for Geosciences (Helmholtz Association) (*Eremenko E.*)

13.10 – 13.15

Introduction of the speakers  
*Kuryшева N. (Moscow)*

13.15 – 13.40

The main discoveries in glaucoma field and the results of the multicenter studies  
*Miglior S. (Milan)*

13.40 – 14.00

Glaucoma diagnostics and detection of its progression. What is in the future?  
*Leung K. (Hong Kong)*

14.00 – 14.20

Neuroprotection and neuroregeneration in glaucoma  
*Martin K. (London)*

14.20 – 14.45

Pseudoexfoliation and glaucoma: the recent discoveries and how they will influence the glaucoma treatment  
*Ritch R. (New York)*

14.45 – 15.00

Demonstration and discussion of clinical case  
*Ritch R., Silva L. (New York)*

15.05 – 15.30

Discussion

*Ritch R., Silva L.*

**Tele-bridge with the New York Eye and Ear Infirmary of Mount Sinai**

15.30 – 15.45

What are the perspectives of the treatment of retinal ganglion cells in glaucoma?  
Where are we now? Discussion

*Martin K. (London)*

**Tele-bridge with the Cambridge Centre for Brain Repair, University of Cambridge**

15.45 – 16.00

Discussion

*Ritch R., Silva L*

**Tele-bridge with the New York Eye and Ear Infirmary of Mount Sinai**

16.00 – 16.20

Coffee -brake

16.20 – 16.40

Angle Closure Management A Logical Approach Based on Angle Closure Type and Mechanisms

*Tham C. (Hog Kong)*

16.40 – 17.00

Conceptual, research and clinical advances of importance in glaucoma – a personal opinion

*Burgoyne C. (Portland)*

17.00 – 17.30

The perspectives of laser and medical glaucoma treatment

*Kurysheva N. (Moscow)*

17.30 – 17.50

Current trends of glaucoma microsurgery in patients with cataract

*Malyugin B. (Moscow)*

17.50 – 18.10

The perspectives of surgical glaucoma treatment

*Miglior S. (Milan)*

18.10 – 18.30

Discussion with the regions of the Russian Federation and closing remarks

*Kurysheva N. (Moscow)*
